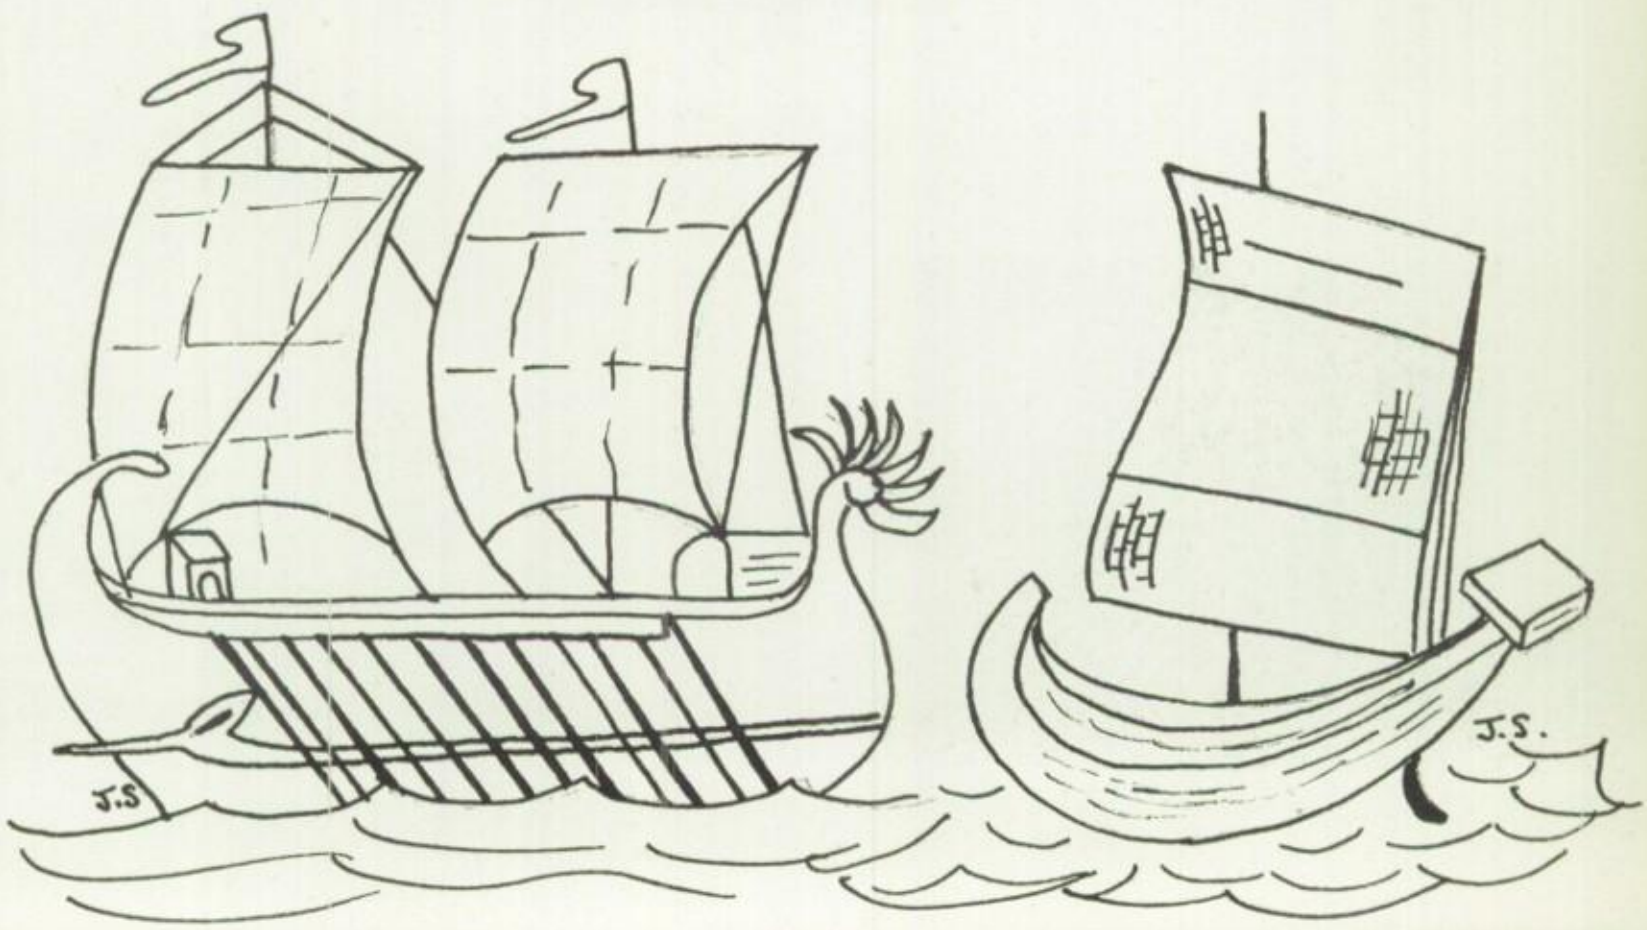
VII. ADVERTISEMENTS

Sailing the Seas of Learning

'Tis the set of the sails
And not the gales
That determines the way they go.
Ella Wheeler Wilcox



With Great Pride

and

Warmth

This

Mr. Fraser is your Book

The '68 Point Staff is proud to dedicate this edition of "The Point" to Mr. Robert Fraser, coach, teacher, counselor and friend. He has increasingly challenged his teams and the student body to better sportsmanship. Liberal minded, he encourages students to think and express their ideas. For three consecutive years he has led his football team to become District III champions.

His friendly interest, his jovial manner, and his gentlemanly leadership will long be remembered and appreciated.

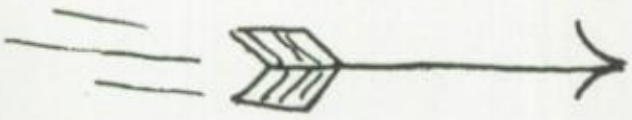
Safety Awards

Creative Writing awards: S. Gwyn, L. Wolfe

F.F.A. Awards

Senior Poem



THESE I HAVE LOVED:

A snowball battle and hot honey buns on a winter's day,

Pelting rain on a canvas roof,

The stark whiteness of new fallen snow,

Clean taste of fresh green mint,

The boom of ball on a hard gym floor,

Lonesome eyes of a lost puppy,

The friendly voices of the faculty and fellow students,

Dancing to the dense mass of tingling beats,

The sting of a new strawberry from sliding into second base,

The flickering candles at the Junior-Senior Prom,

The leathery smell of tack,

Perfume tailing a beautiful girl walking by,

The jingle of money in pockets,

The swish of an arrow, well shot,

A short peaceful nap after a hard day of learning,

The tingling of fresh water on my body on a scorching summer's day,

The joy of understanding today what could not be understood yesterday.

There's one born every 16 seconds . . .
A new customer for paper

No, the Stork isn't one of our stockholders, but he has an interest in our industry. For babies begin right away to use paper products. And by the time they grow up and become people, they'll each be using at least 500 pounds every year. . . . Though a baby is born in the United States every 16 seconds, there will be enough wood as raw material to supply each with the tons of paper products he'll demand during his lifetime. That is because the paper industry plants two or more trees for every one it consumes. Among the ten largest industries in the U. S., it's a **"growing"** industry in more ways than one!
